

ESTHER MCCANN

LAW OF ATTRACTION COACH WITH 99% SUCCESS RATE

ESTHER'S MISSION IS TO MAKE MANIFESTATION MAINSTREAM

Esther aka Miss Manifesther, is an international Law of Attraction Coach, Spiritual Mentor and Public Speaker.

She works with entrepreneurs, freelancers and creatives to manifest their success, love lives and fulfilment by teaching them the law of attraction. As a result they take complete control of their lives and switch up their mindset, as they release their blocks to success and achieve their goals from a place of purpose and passion.

Esther discovered she has a natural gift for manifestation following her difficult divorce in 2017. She's rapidly gained authority in this space and has been approached by The Secret to endorse the latest release.

Personal manifesting results have allowed her coaching side-hustle to go full-time. Her work is regularly described as "life changing"; she knows everybody wants to create their best life and they deserve to earn more, find love and or happiness, or to strengthen their mental health
