

# WORKSHOPS & CS

Manifestation Coaching, Emotional Freedom Technique (EFT), Reality Hacking & Hypnosis are tools to help you reach your fullest potential, actualise your goals and create a life of positivity. The process will address the specific areas of your life that you would like to move forward through holistic methods, manifestation work and practical action.

Many people create change for themselves in a short time from these workshops. However, to refine and sustain change takes several months beyond the Coaching timescale agreed. Further sessions can be quoted for on completion of working with Esther.
